Contains only 20 mg of Phe per serving. A neutral tasting versatile powder to be taken alone or incorporated into beverages and low protein foods. Can be used as a 20 gram low-Phe Glytactin protein booster for any PKU formula. Designed with a complete profile of vitamins and minerals plus DHA. Contains probiotics to support digestive health.

PRECAUTIONS

Give only to adults and children who are under medical supervision for proven PKU. Protein in prescribed amounts must be supplemented to completely meet phenylalanine requirements. Not for parenteral use.
